Via Benefits and Medicare Informational Meetings

If you are retired and approaching your 65 birthday, retiring after age 65, or already enrolled with Via Benefits and want to learn more about the Exchange Health Reimbursement Arrangement (HRA) and Medicare open enrollment, please join PEBP and Via Benefits for one or both of the following meetings:

1. Pre-Medicare—Aging into Medicare Meeting

This meeting is for those

still enrolled in a PEBP self-funded plan or Health Plan of Nevada (HMO) who have not yet enrolled in Medicare and would like an overview of how to make the transition once they turn 65 or retire after age 65. This meeting provides an overview of PEBP's Medicare requirements, the enrollment process, and the Exchange HRA funding for eligible retirees.

2. Exchange HRA/Medicare Open Enrollment—Already Enrolled with Via Benefits

Meeting

This meeting is for Medicare eligible participants and focuses on Medicare open enrollment, as well as how to use the Exchange HRA account to help pay for out-of-pocket health care expenses and/or health care premiums. Eligibility rules apply.

Register using the links below and **join us on the date and time virtually, or in person at the PEBP Carson City office in suite 117.**

HSA Bank: HSA Invest for CDHP Health Savings Account Holders

Invest your HSA today to benefit tomorrow

Health Savings Accounts (HSAs) are often thought of just for healthcare savings. But they can also be a powerful addition to your investment portfolio. Investing your HSA funds can help you grow your account to save for future healthcare expenses or your retirement nest egg.

Investing your HSA: A healthy boost for your future

1

The only way to get three tax perks: You don't pay federal taxes on contributions, distributions for qualified medical expenses, or investment earnings.

3

The money is yours— for life: HSA funds carry over every year, even if you change jobs or retire.

2

Build long-term retirement savings: Investments cover future healthcare costs and build your retirement savings.

4

Access funds as needed: You can liquidate investment funds at any time to pay for IRS-qualified healthcare expenses from your HSA cash balance.

The HSA Invest program

HSA Invest offers you a seamless experience to manage your savings, spending and investing on one website and one app. Three investment options— Choice, Select and Managed— give you thoughtfully chosen securities that are aligned to your HSA and relevant to find your financial objectives. And you're able to enroll in more than one option.

Choice

This option offers a simplified brokerage experience with a large range of stocks, mutual funds, exchange-traded funds (ETFs) and more. This option is ideal if you're an experienced investor who may not need guidance from a professional.

Select

Get a recommended list of mutual funds, specific to your unique risk tolerance and investment objectives. All funds are selected by an SEC-registered investment advisor (RIA), organized by asset class, and aligned to your investment profile. This option gives you guidance and the opportunity to make the final decision about your investments and allocations.

Managed

Get an even higher level of personalization, where the RIA actively manages the investments on your behalf. This option lets you go beyond the tailored guidance in the Select option and have your investments completely managed by an RIA.
